2-Piece, Standard Port, Bronze Ball Valves

Series B6000, B6001 2-Piece, Standard Port, Bronze Ball Valves are used in commercial and industrial applications for a full range of liquids and gases. It features a blowout proof pressure retaining stem. The B6000, B6001's standard port orifice ensures minimal pressure drop, while Durafill and Uniseal seats and chrome plated brass ball provide lasting service. Model B6000 has threaded NPT end connections and Model B6001 has solder end connections. Pressure Rating: For 1/4 to 3 in. - 600psi WOG (non-shock); 150psi WSP; For 4 in. - 400psi WOG (non-shock); 125psi WSP.

2-Piece, Full Port, Bronze Ball Valves

Series B6080, B6081 2-Piece, Full Port, Bronze Ball Valves are used in commercial and industrial applications for a full range of liquids and gases. It features virgin PTFE seats and seals. The B6080, B6081's full port orifice ensures minimal pressure drop, while virgin PTFE stem packing seal & thrust washer and chrome plated brass ball provide lasting service. Model B6080 has threaded NPT end connections and Model B6081 has solder end connections. Pressure Rating: 600psi WOG (non-shock) and 150psi WSP.

2-Piece, Full Port, Bronze Ball & Waste Valves

Series B6300, B6301 2-Piece, Full Port, Bronze Ball & Waste Ball Valves are used in commercial, and industrial applications. It features a drain port to allow for draining or venting of downstream line when valve is in the off position. The B6300, B6301's full port orifice ensures minimal pressure drop, while virgin PTFE seats and chrome plated brass ball provide lasting service. Model B6300 has threaded NPT end connections and Model B6301 has solder end connections. Pressure Rating: 400psi WOG (non-shock). Not suitable for steam or compressed gas.

2-Piece, Full Port, Brass Ball Valves

Series FBV-3C, FBVS-3C 2-Piece, Full Port, Brass Ball Valves are used in commercial and industrial applications for a full range of liquids and gases. They feature a bottom-loaded blowout-proof stem, virgin PTFE seats, thrust washer, and adjustable stem packing gland, stem packing nut, chrome plated brass ball, brass adapter, and steel handle. Model FBV-3C has threaded end connections. Model FBV-3C-TH has tee handle with threaded connections. Model FBVS-3C has solder end connections. Model FBVS-3C-TH has tee handle with solder connections. Pressure Rating: For 1/4 to 2 in. - 600psi WOG; 150psi WSP; For 2 1/2 to 4 in. - 400psi WOG; 125psi WSP.
