

LUXART®

Luxart Faucets

Luxart... Where style, artistry, and an obsession for quality meet to create innovative faucets and signature accessories that complement any décor. It all starts with the finest materials built by expert craftsmen and adorned with remarkable finishes.

For imaginative designer faucets and accessories built for exceptional long lasting performance, do not compromise; insist on the best: **Luxart!**

Five Luxart Bathroom Suites

Aerro: Innovative, refreshing, geometric and urbane are but a few words that capture the essence of this collection.

Carmella: Artfully blends old world craftsmanship with contemporary styling. Perfect spatial harmony.

Exchequer: Form and function meet to create distinctive traditional styling.

Perpetua: Awe inspiring transitional design with verve and panache! Fluid, timeless design and superior craftsmanship.

Poydras: Exquisite lines and elegant curves fashion Luxart's newest collection as a "must have".

Please see www.luxartcollection.com for product descriptions and photos.

Which finish is right for you?

Polished Chrome - Glistens even when the water isn't running.

Brushed Nickel - Just like that versatile friend who gets along with everyone.

Polished Nickel - Features a warm appearance that compliments practically any bathroom or kitchen design.

Oil Rubbed Bronze - When you mix chocolate with copper, the result is transformative.

Information

How to find what you need

Use the **Suite** sections at the front to put together a matching bath collection, or see **bath products** and **kitchen faucets** organized by function. Easily find what you are looking for by using the tabs along the side, the categorized Table of Contents at the front, or the Part Number Index at the back of the book.

R-H Stock - Product is stocked at Roberts-Hamilton's warehouse

Finishes & Symbols Key

CP	-	Polished Chrome finish
BN	-	Brushed Nickel finish
ORB	-	Oil Rubbed Bronze finish
PN	-	Polished Nickel finish
RC	-	Rough Chrome finish
SS	-	Brushed Stainless Steel finish

See what's new! Look for this logo to identify newly added items.

Models displaying this symbol meet all ADA/ANSI A117.1 requirements for accessibility. This applies to valve control only.

Look for this symbol to identify products that are not approved for shipment into California, Vermont, Maryland or Louisiana. These products do not meet California's AB1953, Vermont's Act 193, Maryland's HB.372, or Louisiana's HB.471 requirements.

This symbol indicates a water-efficient product with a low flow rate versus current industry standards.

Items with the WaterSense™ Logo are certified to meet the criteria of the EPA's WaterSense™ Program. WaterSense™ helps consumers easily identify water-efficient products in the marketplace while ensuring product performance and encouraging innovation in manufacturing. Visit www.epa.gov/WaterSense for more information.

This symbol indicates product complies with low lead plumbing laws. NSF®= .25%Pb
