UZC-4 Universal Zone Control System

- * 4 stage heat and 2 stage cool
- * Automatic changeover from any zone
- * Fan control from any zone
- * Use virtually any four wire or multi-stage thermostat
- * Controls up to 20 zones
- * LED display for complete system readout
- * Fire alarm interlock feature
- * Fixed opposing mode timer
- * Integrated supply and return air sensor to protect the equipment
- * Adjustable timer for second, third, and fourth stage heat and cool operations
- * Adjustable fan purge timer
- * 50% rule
- * Demand based ventilation feature

BMPlus Series Zone Control Systems

Unsurpassed single stage, two stage, dual fuel and heat pump compatible control panel for zoning up to seven zones. The new BMPlus3000 series of control panels are designed for optimum performance and superior comfort.

461-0363	5000

NCM-300

The NCM 300 panel provides intelligent control of Heat Pump or Conventional forced air zoning systems at a maximum of three zones using motorized dampers and practically any off-the-shelf heat/cool thermostat. With features like automatic changeover, opposite system service, short cycle timers and supply air sensing capability, the NCM 300 provides a high level of performance in a non-expandable zone control panel.

Controls and Accessories

Motor Replacement Kit

Motor replacement kit used for all styles of ND - URD and RDN dampers. Kit comes complete with all necessary brackets and screws.

461-0620	Motor Replacement Kit	MRK
----------	-----------------------	-----

Two Position Motor Actuator

Two Position, power-open, power-closed actuator. Use with standard opposed blade dampers.

ND Series Damper

- Heavy Duty Frame
- Nylon Bushings for Quieter Operation
- Revolutionary Motor with greater Reliability
- LED's to Show Damper Operation
- Low Leakage
- Simple 3-wire Hook-up
- Easier Ordering
- Motor is always mounted on second dimension specified

Side Mount Dampers

461-0400	8 x 8	SMD	ND
461-0404	10 x 8	SMD	ND
461-0408	12 x 8	SMD	ND
461-0412	12 x 12	SMD	ND
